His focus is primarily on psychiatric evaluations and medication management. If needed, a referral can be made to one of our therapists in our office for more intensive counseling. We understand that your decision to seek treatment for yourself or a family member may have not been an easy one and you may have questions about our practice. Below, we have tried to address some of the most commonly asked questions by new patients and provide important information regarding our office policies and procedures.

**The first appointment is an initial assessment and evaluation consisting of a brief history and overview of presenting problem(s) where recommendations regarding diagnosis, medications, individual counseling and return visits will be discussed.*

**Elderly or special needs patients should be accompanied by a family member or guardian to ensure that an accurate history and account of patient's problems are represented.*

Medication refills can be obtained during office visits or by calling/emailing his assistant with your specific request and pharmacy number. However, stimulant medications like **Ritalin, Focalin, Adderall, Metadate, Dexedrine and **Concerta** are schedule II controlled substances and can **NOT** be called faxed or given in 90 day mail order quantities due to State and Federal laws. Assignment of Insurance Release

Please remember that insurance is considered a method of reimbursing the patient for fees paid directly to the provider and is not a substitute for payment. Some companies will pay fixed allowances for certain procedures, and others pay a percentage of the charge. It is the patient's ultimate responsibility to pay any deductible amount, co-insurance, or any other balances not paid for by your insurance company. If we are filing your claim we will allow forty-five days from the billing date for the carrier to process your claim and make payment accordingly. If payment from your insurance company is not received within the time frame specified above we will notify you to clear your account. Filing to the insurance company is only done as a courtesy to the patient. I certify that I have read and understand fully the provider's billing policy, and agree to make payment in full and /or satisfactory arrangements when asked to do so as specified above.

To the extent necessary to determine liability for payment and to obtain reimbursement, I authorize disclosure of portions of the patient's record. I hereby assign all medical and /or surgical benefits, to include major medical benefits to which I am entitled, including Medicare, Private Insurance, and other health plans. This assignment applies to all charges outstanding as of the date of signature and will remain in effect for all current and future charges until revoked in writing. A photocopy of this assignment is to be considered as valid as the original. I understand that I am financially responsible for all charges whether or not paid by the insurance carrier. I hereby authorize said assignee to release all information necessary to secure payment. Should the account be referred to an attorney for collection, the undersigned shall pay reasonable attorney's fees and collection expense.

Our patient "Bill of Rights" and "Notice of Privacy Policies" are posted in the lobby of the office. We strongly encourage you to review these notices completely and ask any questions on areas that you do not understand. It is your responsibility to know and abide by both policies.
